EXPERIENCE

Certifications

2025

Oracle Cloud Infrastructure (OCI) 2025 Certified AI Foundations Associate

- Oracle
- Validated expertise in Large Language Models (LLMs), Machine Learning workflows, and Generative AI services.

2026

Programming Fundamentals using Python: Science Graduates Foundation Program

- Infosys Springboard
- Validated expertise in python language

2026

Data Structures and Algorithms: Deep Dive into DSA using C++

- Udemy

Hackathons

Smart India Hackathon

2025

- ERP based student management system
- Developed an AI-driven student management solution and an ERP prototype focusing on real-time data processing.

NAVOTHON

1st Position - Team Nexacura (IIT Jodhpur)

2026

- Collaborated with Team Nexacura to secure the 1st position in Navothon, an intensive hackathon organized by IIT Jodhpur.
- Designed and implemented AI/ML-based algorithmic solutions to solve complex technical logic challenges ,combining the fields of Biomedical science and AyurVeda with Artificial Intelligence and Machine Learning.

EXPERIENCE

Smart India Hackathon (SIH) 2025

Jaipur, India

Developer - Team Tech Titans

2025

- * Developed an AI-driven student management solution and an ERP prototype focusing on real-time data processing.
- * Collaborated on modular software architecture and advanced through Round 1 of the national competition.

NAVOTHON

Jodhpur, India

Team NexaCura

2026

- * Collaborated with Team Nexacura to secure the 1st position in Navothon, an intensive hackathon organized by IIT Jodhpur.
- * Designed and implemented AI/ML-based algorithmic solutions to solve complex technical logic challenges ,combining the fields of Biomedical science and AyurVeda with Artificial Intelligence and Machine Learning

Code Slayer 2K25

Participant

2025

- * Designed and implemented AI/ML-based algorithmic solutions to solve complex technical logic challenges.

Arjuna 2.0 Hackathon

Jaipur, India

Participant

2025

- * Collaborated on an AI-powered tool to process community data and generate actionable insights for local challenges.

Oracle Cloud Infrastructure (OCI)

Online

Certified AI Foundations Associate

2025

PROJECTS

BANK QUEUE STIMULATOR

Using C programming

Developed a simulation tool using C programming to optimize and understand banking queue management systems.

Applied core programming logic and data structure fundamentals to enhance system efficiency.

CALENDAR AND REMINDER APP

Using Python

A Python application that displays a monthly calendar with the ability to set and manage reminders

Portfolio website

Using HTML and CSS

This personal portfolio site built from scratch with HTML and CSS to showcase my projects, skills, and background.

EDUCATION

Jaipur Engineering College and Research Centre

Bachelor of Computer Science Engineering

Aug 2024 – May 2029

Jaipur, Rajasthan

Saint Soldier Public School

PCM

Jaipur, Rajasthan

SKILLS

Languages : Python , HTML , CSS , C++ , C programming

Specializations: Machine Learning (Fundamentals), Software Development, Problem Solving

Soft Skills: Collaboration, Communication , "Build to Learn" mindset

Tools : Notion, Google Analytics, GitHub ,VS Code
